Computer Science

Bachelor's
Calicut University, Kerala, India

Jun 2018 - Mar 2022

MERN Stack Development

Internship Course
Luminar Technolab, Kerala, India

Feb 2025 - Sep 2025

Experience

Website Projects

designed and developed websites

- Developed a resume builder web application with a modern and user-friendly interface, enabling users to create, edit, and customize professional resumes efficiently. Implemented resume management and document generation features, helping users organize information and produce polished resumes with ease.
- Developed an online bookstore website with an intuitive interface, allowing users to browse, search, and explore a wide range of books conveniently. Designed features to improve user experience, including organized book listings, category-based navigation, and streamlined purchasing workflows.
- Developed a responsive cocktail restaurant website with an engaging design to showcase menu offerings, services, and restaurant information. Created an interactive user experience by implementing menu displays, reservation-related features, and easy access to business information.
